# What We Help Customers Do

Polarglow helps small and mid-sized U.S. distributors check China supplier options, compare cost, follow up samples and orders, consolidate goods from multiple suppliers, and coordinate shipping/import support, including DDP options when needed.

## Your China Sourcing Desk

From product requirement to supplier follow-up, consolidation and shipping/import support.

01

### Send Need

Photos or drawings  
Quantity and target price

02

### Find Suppliers

Match capable factories  
Check basic feasibility

03

### Check Cost

Compare price and MOQ  
Review terms

04

### Follow Samples

Samples and order details  
Clear updates

05

### Consolidate

Combine supplier goods  
Packing and loading plan

06

### Import Support

Export docs & booking  
DDP option available

### Best-fit Customers

- Small fittings

# Start With a Short RFQ

Send 3-5 regular SKUs. We will check China sourcing possibilities first.

## RFQ Starter Checklist

A complete catalog is not required.

### Product photo / drawing

A clear picture or drawing is enough

### Model / size / material

Use existing item information if available

### Quantity

Trial quantity or monthly demand

### Target price

Current buying price or expected range

### Destination

City, state, or delivery terms

### Required standards

UL, ETL, material or packaging needs

## What We Check

After receiving your RFQ:

1

### Supplier fit

Suitable factories and alternatives

2

### Cost / MOQ

Estimated price, MOQ and lead time

3

### Shipping option

Consolidation and DDP support if needed

**Best first step: send products you already buy regularly.**
